

Environmental Policy Statement

Buckingham Group Contracting Limited (Buckingham Group) is a major multi-disciplinary contractor undertaking construction projects in the Highway, Rail, Sports Stadia and Commercial and Industrial Development Sectors. Specific operations include Demolition, Land Remediation, Geotechnical Engineering, Civil Engineering, Structural Works, and Building Construction.

Buckingham Group accepts its environmental compliance obligations and the company is committed to operating as a forward thinking, responsible construction company. We fully recognise the impact that our operations can have on the environment, and we are aware of the associated risks and opportunities. We are committed to developing an environmentally sustainable approach to its activities to prevent pollution and to minimise any impact that our operations may have on the environment. Resources and arrangements are in place to manage the environmental and sustainability aspects of our operations.

This Policy is a fundamental part of our business strategy and covers working with our clients, employees, designers, subcontractors, suppliers and interested parties. In implementing this Policy, we will strive to continually improve our Environmental Management System in compliance with BS EN ISO 14001:2015.

Our Policy is to:

- **Prevent pollution and nuisance** caused by our activities, using control measures to mitigate the impacts to the environment
- Plan and manage our works to **protect and enhance biodiversity**
- Embrace a **sustainable waste management approach** by minimising the volumes of unprocessed waste material we produce
- **Reduce our energy usage and carbon emissions** through investment in energy efficient equipment and vehicles used by our personnel
- **Reduce water consumption** and any reliance upon potable supplies in all of our operations
- **Select sustainable resources** through the careful selection of recycled materials and certified products. The lifecycle of materials will be considered when planning project requirements
- **Work with our supply chain and subcontractors** to reduce the environmental impact of their products/activities and transportation
- Set Objectives and Targets to ensure **continuous improvement** in key impact areas

The ultimate responsibility for environmental management lies with the Managing Director who will ensure it is given equal priority with other business objectives. Implementation of this policy is a responsibility at all levels together with the participation of all Buckingham Group employees and our supply chain.

The policy and its implementation will be reviewed at least annually by the Directors to meet new business and legal requirements, as well as identifying improvement areas. It will be revised and updated as necessary.

This statement will be displayed prominently at all Buckingham Group workplaces. The organisational arrangements for implementing the Policy will be available at each workplace for reference by all employees.
